The Monmouth College Paddle Award™ is used to help develop Christian values and sportsmanship in each camper. Each of the eight letters in the acronym, M-C-P-A-D-D-L-E, represents a characteristic of Christianity and sportsmanship. At the end of the week, a council fire is held for the campers, and individuals are recognized as having improved themselves in one of the symbolized areas. The first award is the paddle itself. To earn the paddle, the camper must follow the Four Golden Rules of the camp, which are: be a good listener; follow instructions; try hard; and have fun. Once the paddle has been awarded, the camper may then earn a brand representing one of the characteristics of Christianity and sportsmanship. The campers' goal is to earn all eight brands during his/her years at camp.
